ANIMAL VILLAGE

Alleviate your depression from the novel coronavirus

Animal Village is a playful and encouraged virtual reality game. During the game, you play as a brave farmer and are assigned to save the village because enemies invade their home. There are 5 waves that have a variety of design elements in order to make you explore Animal village. Immerse yourself in deep environmental interactions, storying telling, playful exploration, and fighting combat.

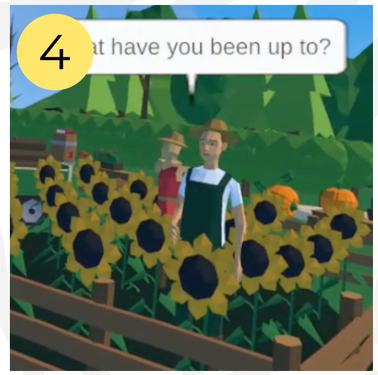

Grab an Animal to safe place

Use Gun to fight furious enemies

Animated & dynamic environment
